Oh, I can't believe it, girl
You wanna leave me, girl
Let's fall in love again
Baby, she was just a friend

And now I'm tryin' to call
But your phone is off
I know I broke your heart
But baby, she was just a friend

Ain't nothin' different here
No need to disappear
Let's fall in love again
Baby, she was just a friend

Don't wanna fall apart
Tried to stop her from the start
I know I broke your heart
But baby, she was just a friend

Open the door, baby
I can hear your phone ringin'
Plus your car is warm
So I know you just got home

I hear you breathin' real hard
So close to you, yet I'm so far
Gotta talk this thing over
You still haven't heard my story, no

Baby, I need you
I'm gon' stand here until your heart agrees to
Let me in 'cause nothing else matters
My life is ungathered
Don't let us be a memory

I can't believe it, girl
You wanna leave me, girl
Let's fall in love again
Baby, she was just a friend

And now I'm tryin' to call

But your phone is off
I know I broke your heart
But baby, she was just a friend

Ain't nothin' different here
No need to disappear
Let's fall in love again
Baby, she was just a friend

Don't wanna fall apart
Tried to stop her from the start
I know I broke your heart
But baby, she was just a friend

Baby, don't speak
Just sit, oh no, don't leave
See I'm not gonna let us not be together, no
There's not too much that I can say

Just wanted you to see my face
(So you can see the expression of my deepest regrets)
Saying oh, oh, oh, oh, oh, don't go, don't go
Let me in 'cause nothing else matters
My life is ungathered
Don't let us be a memory

I can't believe it, girl
You wanna leave me, girl
Let's fall in love again
Baby, she was just a friend

And now I'm tryin' to call
But your phone is off
I know I broke your heart
But baby, she was just a friend

Ain't nothin' different here
No need to disappear
Let's fall in love again
Baby, she was just a friend

Don't wanna fall apart
Tried to stop her from the start
I know I broke your heart
But baby, she was just a friend

I don't want you to go
This ain't cool with me
I know I cut you deep emotionally
Don't nobody deserve this, no, no
So baby, please believe me

I can't believe it, girl
You wanna leave me, girl
Oh, and baby, she was just a friend
I'm trying to call
I know I broke your heart

I can't believe it, girl
You wanna leave me, girl
Let's fall in love again
Baby, she was just a friend

And now I'm tryin' to call
But your phone is off
I know I broke your heart
And baby, she was just a friend

Ain't nothin' different here
No need to disappear
Let's fall in love again
Baby, she was just a friend

Don't wanna fall apart
Tried to stop her from the start
I know I broke your heart
But baby, she was just a friend

I can't believe it, girl
You wanna leave me, girl
Let's fall in love again
Baby, she was just a friend
