Oh yeah yeah yeah yeah yeah
Oh babe, oh baby, oh

Why the things seems so different to me?
I remember how, it used to be.
A hug and a kiss, what happened every day?
But now it seems that everything has changed.

What if I was here no more?
If you looked around and I was gone.
Don't waste your time we have right here?
Hold me closer to your heart my dear.

You never know if you made me breath,
You never know what could happen to me, (say you
never know)
You never know what time ..?
You never know, you never know

I never thought you would turn away,
From me right now, when I need you to stay.
I can't resist hoping you would be there,
Right by my side no matter when or where. (tell me)

What if I was here no more?
If you looked around and I was gone.
Don't waste your time we have right here? (Don't waste
your time)
Hold me closer to you heart my dear. (Oh you never
never know)

You never know if you made me breath (..?)
You never know what could happen to me (Nobody
really knows)
You never know what time ..? (..?)
You never know, you never know x2

(So don't take this time for granted baby
..? swift from your love, I know I can't stand it,
you never never now, oh baby

What if I was here no more?
If you looked around and I was gone.
Don't waste your time we have right here (Baby on't
waste your time, oh baby)
Hold me closer to you heart my dear. (hold me close,
hold me close, oh you never never know)

You never know if you made me breath (When I will be
gone)
You never know what could happen to me (So let's take
this time baby)
You never know what time (Let's get it right, You never
know)
You never know, you never know x2
