(Interlude)

There's something I want to share with you  
It's been on my mind for a while  
All I need is a minute of your time  
Please  
Just listen to me baby  
It won't take long

(Verse)

[It's not a hyped up player line?]  
I'm just telling you what's on my mind  
Just a minute, let me take your coat off  
Me and you on the (telephone?)  
Girl there's something 'bout your sexy body  
Gotta know what it does to me  
If you even give me half a chance  
I'll turn around and give you all of me

(Hook)

Just think  
You and I (think about it baby)  
In Love  
Forever and ever  
I think like this can be so beautiful  
Don't you think? (think about it baby)  
All you have to do (all you have to do)  
Is one simple thing (oh)

(Chorus)

Let me be your love man (that's right baby)  
I'll do what you ask of me (I'll do anything you want  
baby)  
Let me be your helping hand (oh let me be)  
Come on let me be (let me be)  
Let me be (let me be)  
Let me be your love man (oh baby)  
I'll do what you ask of me (I'll do anything you want)  
Let me lend a helping hand (just let me be)  
[Love Man Lyrics On ]  
Come on let me be (let me be)  
Let me be

(Verse)

I was thinking just the other day  
When I saw you, I wouldn't say  
Now I'm here I won't bite my tongue  
Till you know where I'm coming from  
Now I'm a man who likes to be in love  
Girl it's you that I'm dreaming of  
Won't you think it once or twice  
[Well I said I'd look in your eyes?]

(Hook)

Here we are again (think about it baby)  
You and I  
Together  
It's such a wonderful feeling baby  
Now remember this  
This could all be true (think about it baby)  
All you have to do (all you have to do)  
Is one simple thing (just let me be your)

(Chorus)

Let me be your love man (come on baby)  
I'll do what you ask of me (i'll do anything)  
Let me be your helping hand  
Come on let me be (let me be)  
Let me be (let me be)  
Let me be your love man (i'll do anything)  
I'll do what you ask of me (i'll do anything you want)  
Let me lend a helping hand (oh let me be)  
Come on let me be (jus' let me be)  
Let me be (let me be)  
Let me be your love man (if you let me be that man)  
I'll do what you ask of me (i'll do anything)  
Let me lend a helping hand  
Come on let me be (oh)  
Let me be (let me be)

(Chorus till fades)
