In the middle of a thought, you crossed my mind
I sit and wonder how you are, baby all the time
I miss you when you're gone and when you come back
I'm gonna show you that I love you 'cause I want you to
know that

I don't need much
When I'm in your arms
Just to feel you're touch
Is enough to keep me safe from harm

You're loving arms is where I wanna be
When I'm holding you and you're holding me
Things will be fine, just follow my lead
'Cause your loving arms is what I need

In the middle of the night, you invade my dreams
All the happiness we shared, seem so real to me
The moment I awake, I know for a fact
That you would never leave me baby 'cause you
already know that

I don't need much
When I'm in your arms
Just to feel your touch
Is enough to keep me safe from harm

You're loving arms is where I wanna be
When I'm holding you and you're holding me
Things will be fine, just follow my lead
'Cause your loving arms is what I need

You're loving arms is where I wanna be
When I'm holding you and you're holding me
Things will be fine, just follow my lead
'Cause your loving arms is what I need

I don't need much
When I'm in your arms
Just to feel your touch
Is enough to keep me safe from harm

You're loving arms is where I wanna be
'Cause when I'm holding you and you're holding me
Things will be fine, just follow my lead
'Cause your loving arms is what I need

You're loving arms is where I wanna be
'Cause when I'm holding you and you're holding me
Things will be fine, just follow my lead
