Was it something I said?
Was it something I didn't do?
Well you invaded my head
And you tried to make me
Make me think like you
It's hard for you
They don't understand
Your life's an exam
And you need something
It's hard for you
They don't understand
You were miles from the ground
When you needed someone
Well you listen to me
I know your skin and eyes
Aren't what they should be
For god's sake realise
It's not your shell they love
It's the smile inside
It's hard for you
They don't understand
Your life's an exam
And you need something
It's hard for you

They don't understand
You were miles from the ground
When you needed someone
Was it painful?
Oh
Did it hurt you?
Oh
Let's all go together
You can't listen or you'll go missing
Oh
Let's all go together
It's hard for you
They don't understand
Life's an exam
And you need something
It's hard for you
They don't understand

You were miles from the ground
When you needed someone
It's hard for you
It's hard for you etc.
