Comes with the feeling of being left
Is the feeling of hate
And the sickening sense you can't make it
By yourself
Losers haven is the place I'm staying
Could be lovers but I would be paying
All Our feelings should fall into place
How they don't

Even though I, Even though I know
Even though I
Know everything I need to know about you
You still hideaway

I watch the birds as they fly away
And you do too
I watch you searching for gain for yourself
Minds are cruel
Losers' heaven will be coming up soon
Turns it's ugly head and looks at you
There's some things that
You just have to see
Follow me

Even though I, Even though I know
Even though I
Know everything there is to know about you
You still hideaway
You still hideaway
You still hideaway
I Know everything there is to know about you
You still hideaway

Now we all are calling
But your way past listening
And your heart is freezing us all

Even though I, Even though I know
Even though I
Know everything I need to know about you
You still hideaway
You still hideaway

You still hideaway
Know everything I need to know about you
You still hideaway
