You leave in a taxi
Early morning
Come find me and break me
Then goodbye
All of a sudden
Your back with us again
Hello again
I see you've been falling
But here we go
We're on our own again

Whatever it takes to get you back
In my powder room plan
But you'll take my ideas
And you'll use them against me
I'll do everything I can
Whatever it takes to get you back
In my powder room plan
But you'll take my ideas
And you'll use them against me
But anyway

Wrapped in music
Scared I'd be sick
I watched you dancing
And fell deeper
And so we land in the powder room
Full of mirrors so there's more of you

But all to soon your all on your ways
And then again we go
Wer'e on our own again

Whatever it takes to get you back
In my powder room plan
But you'll take my ideas
And you'll use them against me
I'll do everything I can
Whatever it takes to get you back
In my powder room plan
But you'll take my ideas
And you'll use them against me

But anyway
Its over
Ah don't you tell me
That it's all over
That it's all over
It's all over her

Whatever it takes to get you back
In my powder room plan
Whatever it takes to get you back
In my powder room plan
