Some might say
That it's the onlyway
And I can honestly say
I've done it another way
I sat here yesterday
And it was the same as the day before
And I'll probably do it again
Don't give yourself away
Away
It's the onlyway
It's the onlyway
It's the onlyway
And even though statistics say
There is only one way
I'll be there tommorow
Soon you walk down
Into the M-shelf
I hope you really like me that way
Don't give yourself away
Away
It's the onlyway
It's the onlyway
It's the onlyway
Oh, it's the onlyway
