Won't you pick up the phone  
'Cause I know that you're home  
Too many words have not been said for us to be living  
alone  
Now all of the fighting  
And all of the tears  
Well they don't matter now  
Another night falls dark and lonely  
And you're the only one that I can turn to

If I ever needed your arms to hold me  
Baby it's tonight  
And if I ever needed your eyes to heal me  
Baby it's tonight

So come hold me close  
And show me that you still care  
Let's take it to where it all began and start again from  
there  
'Cause there's no way out  
As far as I can tell  
I'm walking in a world of strangers  
And you're the only one who really knows me

If I ever needed your arms to hold me  
Baby it's tonight  
And if I ever needed your eyes to heal me  
Baby it's tonight, uh-huh  
If I ever needed your arms to hold me  
Baby it's tonight  
And if I ever needed your eyes to heal me  
Baby it's tonight, oh  
Baby it's tonight

Won't you please, please pick up the phone, yeah  
Don't leave me to face this world all alone

Take some time, oh yeah  
'Cause baby, it's tonight  
If I ever needed your eyes to heal me  
Baby it's tonight

If I ever needed your arms to hold me  
Baby it's tonight, uh-huh  
And if I ever needed your eyes to heal me  
Baby it's tonight, oh  
(Baby it's tonight, baby it's tonight)  
Oh  
(Baby it's tonight, baby it's tonight)  
Baby it's tonight, whoa
