Well the last thing that you knew  
He was walking out on you  
To the point of no return  
Where i found you  
When i couldn't find my way home  
I could always make my way to you  
When i couldn't drink myself sober  
I found you  
I found you  
I found you  
Well the last thing that you need now  
Is a shoulder there to bleed on  
But i believe i've seen light  
Coming through you, yeah yeah  
When i couldn't find my way home  
I could always make my way to you  
When i couldn't drink myself sober  
I found you  
Baby i found you  
I found you  
When i couldn't find my way home  
I could always make my way to you  
When i couldn't drink myself sober  
I found you  
I found you  
I couldn't find my way home  
But i found you  
I couldn't find my way home  
But i found you  
I couldn't find my way home  
But i found you  
I couldn't find my way home  
I couldn't find my way home  
But i found you  
I couldn't find my way home  
But i found you  
I couldn't find my way home
