Six feet under, under my skin  
There's a battle I know I can't win  
You invade me  
And I surrender  
Yeah, that's what I hate about you

Six feet under, under my skin  
There is where your story begins  
You were wanting, I was forsaken  
Yeah

[Chorus :]

You came to me with words unspoken  
I can't deny it  
That I knew my glass would end up broken  
(and that's how you got me)  
I blame myself for being stupid  
But I can't help it  
Yet I'm eating right out of your hand  
(And) that's what I hate about you

Six feet under, touching my soul  
From the moment we met  
It ws stole  
You embraced me, and I believed you

Yeah

[Chorus]

Hey hey

It's not that hard, just walk away  
There's gotta be a different meaning

You came to me with words unspoken  
I can't deny it, that I knew my glass would end up  
broken  
(and that's how you got me)  
I blame myself for being stupid  
But I can't help it  
Yet I'm eating right out of your hand

(and that's how you got me)

Now's the time for my confession  
Cause I can't take it, that you always be and always will  
be  
Under my skin
