Is there any chance that you and I can start all over will
you say you'll try
Is there any chance that you may be still a little bit in
love with me
Do I feel it when we say hello or is it just because I'm
hoping so
Do you still have faith in our romance will you tell me is
there any chance

Is there any chance your heart may try to trust again
the heart that made you cry
Is there any chance you might forgive oh you must for
how else can I live
Is there any chance that you and I can start all over will
you say say you'll try
Is there any chance that you may be still a little bit in
love with me
(Is there any chance)
