"Ladylike"

I can't even think of being
A girl who gives into compromise
I can't give out my feeling
No, I just can't tell a lie
Don't you try to change me
You'll just be wasting your time
Don't you try to hate me "cause I got my own mind.

[Chorus]
Good girls be nice
Watch what you say
Don't give no lip, and you'll get your way
That just ain't right
It will not be
You can't be ladylike if you wanna be a lady like me
I won't pretend I'm needy just to turn you on
I won't let you defeat me thinking that you won
Don't you try to change me
You'll just be wasting your time
Don't you try to hate me "cause I got my own mind

[Chorus]

[Bridge]

Take me from this world, butterflies, and girly girls.
Why must we be pretty to be seen, to even be.

[Chorus]
