Winter was an island, child
Some of the friends you had been gone awhile
It's a dark twisted line across your sea (?) into the wild

People are looking down you say
You can feel the beat of yesterday
On the street there was a big parade
And a family of four

Ghosts and lovers, they will haunt you for awhile
Ghosts and lovers, they will haunt you for awhile
Ghosts and lovers, they will haunt you for awhile
From the stars and from the sheets and ground
Oh, oh, oh, oh, oh
From the ground

You drank the days away you say
Today's the same as any other day
On the street there was a big parade
And a family of four

It tore (?) me a gentleman
They ramble the walls and you're trying to sleep
There's nothing you can say
To make them go away
To make them go away
To make them go oh, oh, oh, oh away

Ghosts and lovers, they will haunt you for awhile
Ghosts and lovers, they will haunt you for awhile
Ghosts and lovers, they will haunt you for awhile
From the stars and from the sheets and ground
From the ground
From the ground
From the ground
From the ground
