Without a lover  
Without a friend  
Without a savior

Without a friend  
Without a lover  
Without a friend

Mayflower walked away  
Away towards the air  
And if you see her  
Call out her name

And if you hear her  
Out in the rain  
Mayflower Maybelle  
It was her name

Without a lover  
Without a friend  
Without a savior

Without a friend  
Without a lover  
Without a care

Mayflower walked away  
Away towards the air  
And if you see her  
Call out her name

And if you hear her  
Out in the rain  
Mayflower Maybelle  
It was her name
