She's an egocentric bitch
Manipulating witch
Every sound will cease when she
Starts wining
She's witty, she's smart
She's a real state of the art when
She takes control of her
Surroundings
She walks into a room
And everything's in bloom
She's always center of attention
She likes to talk and talk
Never leaves a questionmark
She only listens on occasion

And she always seem to keep it together
We are so alike
We are birds of a feather

Oh all the things I did for her and
All the things I didn't
She wish that she could figure me all out
But it is written
We can never be that close yet we
Can never be divided
I just wish that she would take a
Little bit more pride in
What I have achieved
'Cause this is my life and it's the
Life I'm gonna lead

She kept me safe and warm
She held me through the storm
She never stopped, not for a
Moment
She's always by my side
But I think she tries to hide a tiny
Touch of disappointment

I try to show how much I
Appreciate her
I could never be her girl figure

Skater

Oh all the things she did for me
And all the things she didn't
I wish that I could figure her all out
But it is written
We can never be that close yet
We can never be divided
I guess that I should take a
Little bit more pride in
Who she is to me
'Cause I won't change
But neither will she
