Forget where we came from  
The small towns that we left  
The guilt cast upon us  
The years we regret

Go down to the water  
Through streets worn down and torn  
This is our lost kingdom  
We're queens of it all

Tonight we'll be shameless  
Tonight we'll be shameless

We'll be out on the piers  
We'll be up on the roofs tonight  
Hot summer city  
Bring me to life

We'll be out on the piers  
We'll be up on the roofs tonight  
You'll be my stranger  
I'll be your light

And I'll let you touch me  
Anyway that you want  
I'll love you forever  
I'll love you 'til dawn

And I'll run my fingers  
Along the arch of your spine  
Comfortably knowing  
That you won't be mine

Tonight we'll be senseless  
Tonight we'll be senseless

We'll be out on the piers  
We'll be up on the roofs tonight  
Hot summer city  
Moon on the rise

We'll be out on the piers

We'll be up on the roofs tonight  
The dust from an angel  
Is painting the sky

And not so very long from now  
Silence will fall  
We'll stay here, watch the stars burning out  
We won't care at all  
We won't care at all

We'll be out on the piers  
We'll be up on the roofs tonight  
Hot summer city  
Eat me alive

We'll be out on the piers  
We'll be up on the roofs tonight  
Hot summer city  
Shut off your lights

And soon all our names will be lost  
They'll be buried at sea  
And then when the gray morning comes  
You'll forget about me  
You'll forget  
Me
