You don't hold my hand when we walk,  
Or smile at me when we talk.  
Lately you don't say my name,  
Like you are in love.

The love you had for me has changed,  
The feelings you show aren't the same,  
Oh, I still love you, you're what I live for,  
But I don't feel like you feel like I'm yours anymore.

Am I still the one inside your heart, the one you think of  
first?  
Am I the one you want to hold, whenever your heart  
hurts?  
I remember you said that it's love we're living for,  
But I don't feel like you feel like I'm yours anymore.

I saw you at the club by chance,  
I watched you ask a girl to dance.  
You smiled at her the same way,  
You once smiled at me.

Then you pulled her close to you,  
The way a single man would do,  
Oh, I still love you, you're what I live for,  
But I don't feel like you feel like I'm yours anymore.

Am I still the one inside your heart, the one you think of  
first?  
Am I the one you want to hold, whenever your heart  
hurts?  
I remember you said that it's love we're living for,  
But I don't feel like you feel like I'm yours anymore.

You should have told me baby if you have moved on,  
Don't leave me guessing only after you have gone...

Am I still the one inside your heart, the one you think of  
first?  
Am I the one you want to hold, whenever your heart

hurts?

I remember you said that it's love we're living for,  
But I don't feel like you feel like I'm yours anymore.  
No I don't feel like you feel like I'm yours anymore
