If you
Come close
And hold me tight
You feel
The heart that beats
For you
And if
You dear
Could read my mind
Oh you
Would know my love
Is true
Chorus (2 times)
Words can't say how much I love you
Words can't say how much I care
I need you 'n I need your love
Like I need to breathe the air
Faith
And trust
Give both a try
So you
Will see that is
The key
I swear
True love
Will never die
So please
Believe in you
And me
Chorus (4 times)
Words can't say how much I love you
Words can't say how much I care
I need you 'n I need your love
