Men:

It all starts with just one voice
That takes a stand, that makes a choice
To live for God and not hesitate
To tell the world about amazing grace.

Ladies:

One day that seed somehow breaks through,
Where there was one, there now stands two.
And soon another takes his hand
A ray of hope that spreads across the land.

Unison:

Across the mountains, across the sea,
Soon others join in harmony.
They found the cross still standing strong
And soon a mighty chorus sings along.

Chorus:

Go reach the world, touch one more soul
Bring one more lamb back to the fold.
Each soul another flag unfurled.
Each voice another chance to reach the world.

Ladies:

Ooooooo.

Men:

Don't let me pray, Lord for wealth or fame
A spark that sets the world a flame.

Unison

But help me reach the lost and alone,
To tell of joy and hope where hope is gone,
Where hope is gone.

Chorus:

Go reach the world, touch one more soul
Bring one more lamb back to the fold.
Each soul another flag unfurled.
Each voice another chance to reach the world.
