"Don't Ruin It For The Rest Of Us"

Well, looked who just showed up again
After all this time
You feeling what

Don't ruin it for the rest of us
With your braggin' that you fell in love
Can't you see we're kinda busy here
Swappin' lies and cryin' in our beer

So you're getting married, good for you
It's 1st inning, Braves are down by two
Grab a seat and keep your big mouth shut
And don't ruin it for the rest of us

I hardly recognized you
With that smile on your face
Your shirt's tucked in, you shaved your chin
And every hair's in place

You smell a whole lot better
Than any body in this bar
So, here's a dollar
Buy yourself a cheap cigar

Don't ruin it for the rest of us
With your braggin' that you fell in love
Can't you see we're kinda busy here
Swappin' lies and cryin' in our beer

So you're getting married, good for you
It's 3rd inning, Braves are down by two
Well, have a seat and keep your big mouth shut
And don't ruin it for the rest of us

You missed the bowling season
Butch blew a perfect game
And when we got the new shirts printed up
There was an I in Shooter's name

Well Ronnie's back to walkin'
He got another D U I
So if you plan on gettin' out

Of here alive

Don't ruin it for the rest of us
With your braggin' that you fell in love
Can't you see we're kinda busy here
Swappin' lies and cryin' in our beer

So you're getting married, good for you
It's 5th inning, Braves are down by two
Well, have a seat and keep your big mouth shut
And don't ruin it for the rest of us

So you're getting married, good for you
It's 9th inning, we're about to lose
I told ya twice to keep your pie-hole shut
And don't ruin it for the rest of us
Can't you see that we've been through enough
Don't ruin it for the rest of us
