I'm dying to forget about those goodbye words you
said
I thought everything was right but you went and left
instead
No pain, no gain, well I'm not out to win
All I really want to do is live to love again

Trying to postpone the pain, Stay in from the rain
Buy a little time, Keep you off my brain
Get out and go insane, Stay off mem'ry lane
Tonight I'll be flying, trying to postpone the pain
Until that day arrives
I'll spend all my nights

Trying to postpone the pain, Stay in from the rain
Buy a little time, Keep you off my brain
Get out and go insane, Stay off mem'ry lane
Tonight I'll be flying, trying to postpone the pain
The best way to survive
Is spending all my nights

Trying to postpone the pain, Stay in from the rain
Buy a little time, Keep you off my brain
Get out and go insane, Stay off mem'ry lane
Tonight I'll be flying, trying to postpone the pain
