Wake up make my way down to the lobby Get a bite to eat and a cup or two of coffee Read USA Today front to back Kill most of the morning doing that

Then take that lonely walk back to the room Watch reruns of a known all afternoon

Things to do in Wichita
So many things, I can't count 'em all
Find a way to bring her back
Find the words to let her know that I've changed
I really have, hit redial on the phone

Leave another message at her moms
Tell her baby you were right and I was wrong
Hope and pray and wait for her to call
I've got things to do in Wichita

Around sundown, now that's when things get tough Gotta work to keep my strength and courage up 'Cause there's a happy hour in the bar downstairs She'd be proud to know I ain't set foot in there

Spend my nights trying to be a better man Reading from that book in my nightstand

Things to do in Wichita
So many things, I can't count 'em all
Find a way to bring her back
Find the words to let her know that I've changed
I really have, hit redial on the phone

Leave another message at her moms
Tell her baby you were right and I was wrong
Hope and pray and wait for her to call
I've got things to do in Wichita

Tell myself to just stay strong
Kill the lights and lay here all alone
Say a prayer that tomorrow she might call
I've got things to do in Wichita
