You're gonna get me into trouble
I knew it right off the bat
You're gonna get me into trouble
If you keep lookin' like that

I may be alone but there's someone at home
I just know I'm making a mistake
A woman like you walked in a place like this
You can almost hear the promises break

You're gonna make me need an alibi
You're gonna make me have to watch my back
You're gonna make me have to tell a bunch of lies
You're gonna make me have to cover my tracks

Well I told her I wouldn't, I thought I couldn't
Now, I'm so ashamed
When I look at you, it's all that I can do
To think about "What's her name"

You're gonna get me into trouble
I knew it right off the bat
You're gonna get me into trouble
If you keep lookin' like that

Don't look like that baby
No, no, no, no

[Solo Break]

You're gonna mix my emotions,
You're gonna tangle my net
You're gonna make me do something
That I'm afraid I won't regret

I may be alone but there's someone at home
I just know I'm making a mistake
A woman like you walked in a place like this
You can almost hear the promises break

You're gonna get me in trouble
You're gonna get me in trouble

You Know, You're gonna get me in trouble
Now don't ya?
