Woman, sensuous woman
You control the world I'm living in
Woman, sensuous woman
Release my body and let me live again.

Step by step you taught me easy loving
Night by night you caught me in your web
My self control was overruled by passion
Now, I couldn't see the heartache up ahead.

So woman, sensuous woman
You control the world I'm living in
I say woman, sensuous woman
Release my body and let me live again.

--- Instrumental ---

Someone true is waiting and I should be with her
And she don't know I crave your ecstasy
But many hearts would break if I don't conquer
This lustful spell you've cast all over me.

So woman, sensuous woman
You control the world I'm living in
Woman, sensuous woman
Release my body and let me live again.

Release my body and let me live again...
