Remember when we had never met  
Not love not friends  
Baby lets go back to that  
I say we just go back to that  
Pretend for fun love was meant to last  
Till we begun trust is what we lead upon  
Kiss goodbye coz now it's gone

Lying on a lie  
It just goes on and on and on  
Lying on a lie  
It just goes on and on and on

Every little hearsay shesay twist  
Gotta put a mouth on it  
Just a little hearsay they say shit  
Honestly I'm down with it

Your just the same  
Heard it all before  
I'm not too blame  
Open up your eyes  
Your lies have beat on  
Keeping the trust that you thought I cheated  
Gave you the preview  
Now heres the feature  
Peace, gonna leave it was nice to meet ya

Lying on a lie  
It just goes on and on and on

Every little hearsay shesay twist  
Gotta put a mouth on it  
Just a little hearsay they say shit  
Honestly I'm down with it  
Every little hearsay shesay twist  
Gotta put a mouth on it  
Just a little hearsay they say shit  
Honestly I'm down with it

Not mad at it  
Can't stand to sit

So I'm standing up to quit  
Understanding it  
Got the initials of the banana split  
Go to much BS  
I can handle it  
He's inadiquit  
So had it  
Hearsay she say false  
Establish it  
Should have liked you losing  
Your the candidate  
Honestly I'm standing down from it

Every little hearsay shesay twist  
Gotta put a mouth on it  
Just a little hearsay they say shit  
Honestly I'm down with it  
Every little hearsay shesay twist  
Gotta put a mouth on it  
Just a little hearsay they say shit  
Honestly I'm down with it  
Honestly I'm down with it  
Gotta put a mouth on it  
Every little hearsay they shit  
Honestly I'm down with it
