People talk in whisper when you're not sure of the truth
Never caring about the damage they might do
All those little rumors hidden from the light of day
Have a way of sounding like they're true

But it's no secret I'm still in love with you

Too many secrets in this town, too many people going
'round
Telling lies and breaking us in two
So I've come to you myself before you hear it
somewhere else
The story going 'round this time is true

It is no secret
It is no secret, I'm still in love with you

They say I'm going crazy, well, maybe that's a fact
Without you here, I don't care if I do
They say I'll never be the same unless you take me
back
Well, that's one rumor I'll admit is true

It is no secret I'm still in love with you

Too many secrets in this town
