She walked right out without a word
She's living back in Jacksonville, the last I heard
I wonder if she misses me, the way I'm missing her
Another man might let it go, but I'm not giving up

Something's gonna change, something's gonna
change her mind
I don't know what, I don't know how, I know it's just a
matter of time
She'll wake up and wanna be back in these arms of
mine
Oh, something's gonna change, something's gonna
change her mind

Nights get lonely by myself
But I don't wanna give my love to someone else
What we had between our hearts means too much to
me
True love doesn't die that easily

Something's gonna change, something's gonna
change her mind
I don't know what, I don't know how, I know it's just a
matter of time
She'll wake up and wanna be back in these arms of
mine
Oh, something's gonna change, something's gonna
change her mind

Something's gonna change her mind
I don't know what, I don't know how, I know it's just a
matter of time
She'll wake up and wanna be back in these arms of
mine
Oh, something's gonna change, something's gonna
change her mind

Something's gonna change, something's gonna
change her mind
Something's gonna change, something's gonna
change her mind
Something's gonna change, something's gonna

change her mind
