In the car  
On the drive back  
Without you there  
In the passenger side  
In the dark  
Haven't felt this  
This way in  
A very long time

Look at what you've done to me  
It's not that typical  
Tell me what you want it to be  
Two lives in different places

You set my heart in motion  
You set my heart in motion  
I've been dead a long time  
You came in and turned my life back around  
You tore it apart  
You set my heart in motion

Kinda scared  
A bit uneasy  
Should I do this  
All over again  
I believe  
You'll be different  
It's just that I have  
Believed that before

It's not gonna be an easy ride  
I'll say it right now, I'm difficult  
But if you just give it some time  
You'll see you're on a firm foundation

You set my heart in motion  
You set my heart in motion  
I've been dead a long time  
You came in and turned my life back around  
You tore it apart  
You set my heart in motion

I hope that you won't give up  
That you won't back down  
It's kinda what I expect  
Please prove me wrong  
And build me up  
It's why I'm in this

You set my heart in motion  
You set my heart in motion  
I've been dead a long time  
You came in and turned my life back around  
You tore it apart  
You set my heart in motion
