Chorus:

Dum Diddly-Hi-Dee Dum Diddly-Aye, where can you  
hide away?

Dum Diddly-Hi-Dee Dum Diddly-Aye, where can you  
hide away?

1. The world is getting smaller, the population grows,  
Where, Oh where can sweethearts go when they want  
to be alone?

Out to the park we went walking to a quiet spot by the  
lake,

We found some kids playing cowboy there and they  
wouldn't go away -

So no romance that day

Chorus

2. We thought that we had the answer - a drive-in movie  
we planned

But the only place we could find to park was next to the  
pizza stand -

And that's a busy stand....

Chorus

3. The world is getting smaller, the population grows,  
Where, Oh where can sweethearts go when they want  
to steal a kiss?

To Lovers' Lane we went driving, when we parked, what  
did I find?

My own kid sister was in the car that was parked by  
next to mine -

And love withered down the line.....

Chorus

Where can you hide away?

Where can you hide away?

Where can you hide away? (fade out)
