I met her on the farm on a hot summer night
I don't have to tell you it was love at first sight
It was a chance introduction by a mutual friend
I took a look in her eyes and I fell right in
She had heavenly hips and chestnut hair
It was a couple of days before I came up for air
Next thing I remember she had moved in with me
I was introducing her to my whole family as

CHORUS

As my brand new baby
My brand new baby
She's my brand new baby
I think I'm really stuck this time

My brand new baby wasn't nobody's fool

Now church bells are ringing and they ain't far away
Cause I know better than to disobey

(CHORUS)

Boys if you want to find the girl of your dreams
Stop looking in the movies and the magazines
Find yourself a woman with some meat on her bones
Don't fall for all the plastic and the silicone
There's lots of pretty women, I mean they're

Just keep your tongue in your mouth and try not to stare
I remember what it's like to be one of the guys
Just don't let me see you trying to catch the eye of
