The sky went black, the world stopped turning round  
As you took my hand and sat me down  
Remember how I cried as you broke the news  
My best just was not good enough for you

So sad, you said, it had to end like this  
As you turned to leave you blew me one last kiss  
I let you go what was I supposed to do  
When my best just was not good enough for you

I can't say I ain't learned nothing at all  
You showed me just how hard one heart can fall  
Was there something that I could have tried  
Or maybe you just can't be satisfied  
Either way I guess we'll never know the truth  
'Cause my best just was not good enough for you

My best just was not good enough for you
