Oh, I can't believe the time has come,  
What can I do, there's no place my heart can run  
Hold me close, it's not too much to ask  
Help me forget, tonight might be our last  
Don't let it pass.

If it's the last time  
Let me wrap my love around you  
Let me lose you like I found you  
Make it feel like paradise.

If it's the last time  
There's no danger in the fire  
Let it burn and take us higher  
Let's give it one more try,  
One last time before goodbye.

We've got one more chance to make it right  
To share the days, the way we shared our nights  
Oh, the talkin' was so hard to do  
I turned away and kept on hurting you  
It can't be true.

Now it's the last time  
Let me wrap my love around you  
Let me lose you like I found you  
Make it feel like paradise.

If it's the last time  
There's no danger in the fire  
Let it burn and take us higher  
Let's give it one more try  
One last time before goodbye.

Let the heartaches fade away  
Give them back to yesterday  
I need you to stay and hold me, touch me,  
There must be a way.

If it's the last time  
Let me wrap my love around you  
Let me lose you like I found you

Make it feel like paradise.

If it's the last time  
There's no danger in the fire  
Let it burn and take us higher  
Let's give it one more try.

No...if it's the last time  
Let me wrap my love around you  
Let me lose you like I found you  
Make it feel like paradise.
