There once a time I lived alone
To find you helplessly
Dreamin' of thoughts
That you had lost so hesitantly

Feedin' you thoughts
When your escapin' nice and distantly

Waitin' for the world
To close its eyes upon you
Waitin' for the light brigade
To kiss your lips and set you free

And here's to you, here's to you
Here's to you, to you
Here's to you, here's to you
Here's to you, to you

Wasn't it good?
And the music shook you side to side
We picked the roses of our choice
You and me, you and me child

And the crown prince
Is the envy of a thousand men
'Cause old blue eyes
She's laughin' once again

Waitin' for this world
To close its eyes upon you
Waitin' for the light brigade
To kiss your lips and set you free

And here's to you, here's to you
Here's to you, to you
Here's to you, here's to you
Here's to you, to you

Oh, oh, oh, oh, oh, oh, oh, oh
Here's to you, here's to you
Here's to you, to you
Here's to you, here's to you

Here's to you
