So this is it,
This is where it all begins.
This is where you draw the line,
This is where the old you ends, gets left behind

Welcome to forever,
this is where you disappear,
And you come alive!
All you ever wanted,
Only love could lead you here! Hello to goodbye.

So this is life,
Life is in the letting go,
Life is in the sacrifice,
Life is when you lose control,
Is when you die.

Welcome to forever,
This is where you disappear and you come alive.
All you ever wanted,
Only love could lead you here,
Hello to Goodbye.
(this is where the old me ends, this is where you draw
the line)
Goodbyeeeeeee

Welcome to forever this is where you disappear
And you come alive.
All you ever wanted,
Only love could lead you here,
Hello to goodbye.

This is where you disappear and you come alive.
All you ever wanted, only love could lead you here
Hello to goodbye.

Goodbye
Goodbye
Hello to Goodbye.
