Get around
Make a sound
Write a song and say it's just for you
My benefit, my conscience too
But now I'm feeling moody blues tonight.

Break it down
To the ground
Tell me why my innocence has gone
I've been at this for far too long
And still I'm writing literary songs tonight.

'Cause I'm feeling like you're stealing the light
What you've got, it ain't quite right
And now I know I need to settle the score
I'm feeling like I never had before
I'm on the floor, I'm -
Moody blues tonight.

Get around
Steal a sound
Sing a song and know it's just for me
My thinking deep, my therapy
It's all I have and what I need tonight.

But now I'm feeling like you're stealing the light
What you've got, it ain't quite right
And now I know I need to settle the score
I'm feeling like I never had before
I'm on the floor, I'm -
Moody blues tonight.

Well, there you are, you're watching me
I've got no space and I can't breathe
And all along you let it be
But what you've got is bittersweet
Get around.

But now I'm feeling like you're stealing the light
What you got, it ain't quite right
And now I know I need to settle the score

I'm feeling like I never had before
I'm on the floor, I'm -
Moody blues tonight
Tonight
Tonight.
