The sky is crying the streets are full of tears  
Rain come down wash away my fears  
And all this writing on the wall  
Oh I can read between the lines  
Rain come down forgive this dirty town  
Rain come down and give this dirty town  
A drink of water a drink of wine

If I been hard on you I never chose to be  
I never wanted no one else  
I tried my best to be somebody you'd be close to  
Hand in hand like lovers are supposed to

As you'd sleep I'd think my heart would break in two  
I'd kiss your cheek I'd stop myself from waking you  
But in the dark you'd speak my name  
You'd say baby what's wrong?  
Oh here I am baby I'm coming back for more  
I'm like a wave that's got to roll into the shore  
Yes and if my love's in vain how come my love is so strong?

Now you and me go parallel together and apart  
And you keep your perfect distance and it's tearing at my heart  
Did you never feel the distance  
You never tried to cross no line  
Now it's another dirty river and another dirty scar  
And I don't know who's kissing you and I don't know where you are  
So far from home don't you think of me sometime

Sky is crying see the streets are full of tears  
Rain coming down to wash away my fears  
And all this writing on the wall  
Oh I can read between the lines
