Sooner or later

You're gonna meet the man that burns your hands with  
fire

But you know he isn't doing what you'd like to

Picking up the reigns and everything they're holdin'

It's a long way down

Sooner or later

That's how it is

Whatever made you think your credit lasts for years

Oh no

Sugar

Am I still the one and only in your garden

Does the thought of me in your dream make you smile

Can I feel a certain distance in between us

Or is this dance only mine

Help me

To remember round and turn another page dear

Did we make a contribution to the pile

Even if it's only one man in his place dear

It will be worthwhile

Sooner than later

How it should be

Time fast became the rarest world commodity

I waste a good thing

Good thing I've stopped

If I try harder is it too late for us all

And in another place

Another time, another space

Is it any easier

Chance

Another chance is all I ask of you

I'd be so different, I'd be so new

You'd love me, you really know you would

Baby

Sooner than later  
How it should be  
Time fast became the rarest world commodity

I waste a good thing  
Good thing I've stopped  
If I try harder is it too late for us all

Sooner or later  
That's how it is  
Whatever made you think your credit lasts for years

I waste a good thing  
Good thing I've stopped  
If I try harder is it too late for us all
