Yeah, she was swinging by the bangles in a main street
store

A while before we met

The most dangerous angles that you ever saw

She spied her amulet

And she took a loop of leather for around her neck

And that was then the start

The most dangerous lady on her quarter deck

She found her golden heart, you found your golden
heart

Then we swirled around each other and the thread was
spun

To some Arcadian band

I would stop it from swinging like a pendulum

Just to hold time in my hand

And you shot me with a cannonball of history

And long forgotten art

I'd be turnin' it over as our words ran free

I'd hold your golden heart and I'd hold your golden
heart

And nothing in the world prepared me for, your heart,
your heart

Nothing in the world that I love more your heart, your
heart

Your golden heart, your golden heart, your golden
heart

Your golden heart, your golden heart, golden heart

And every time I'm thinking of you from a distant shore

And all the time I sleep

I will have a reminder that my baby wore

A part of you to keep

And I'll send you all my promises across the sea

And while we are apart

I will carry the wonder that you gave to me

I'll wear your golden heart and I'll wear your golden
heart

Oh, nothing in the world prepared me for, your heart,
your heart
Nothing in the world that I love more your heart, your
heart
Your golden heart, your golden heart, your golden
heart
Your golden heart, golden heart, golden heart, golden
heart
Your golden heart, your golden heart
