My famous last words
Are laying around in tatters
Sounding absurd
Whatever I try
But I love you
And that's all that really matters
If this is good bye
If this is good bye

Your bright shining sun
Would light up the way before me
You were the one
Made me feel I could fly
And I love you
Whatever is waiting for me
If this is good bye
If this is good bye

Who knows how long we've got
Or what were made out of
Who knows if there's a plan or not
There is our love
I know there is our love

My famous last words
Could never tell the story
Spinning unheard
In the dark of the sky
But I love you
And this is our glory
If this is good bye
If this is good bye
