tied my baby to the railroad track
train rolling down the line
givin' that woman just one more chance
to give it to me one more time
engineer wishin' he was home in bed
dreamin' about casey jones
wide-eyed woman with a hole in her head
crying over broken bones
it's your love that i want
it's your love that i need
it's your love got to have
baby it's your love

everybody flying across the sky
superman was out of town
come on honey gotta change your tune
it's a long way down
clark kent looking for a free ride
thinking about lois lane
be it a bird, or a man, or a suicide
that'd be a shame
it's your love that i want
it's your love that i need
it's your love got to have
baby it's your love

long arm looking for fingerprint
trying to find a mystery clue
giving me that third degree
working on a thumb screw
alright, officer, i confess
everything is coming back
i didn't mean to kill that woman of mine
it was a heart attack
it's your love that i want
it's your love that i need
it's your love got to have
it's your love guaranteed

it's your love that i want
it's your love that i need

it's your love got to have
baby baby it's your love
