You were a ragged  
Turquoise and twilight coat  
I got my head hung down for you  
Some day you're gonna need it  
But it's worn or the, cloth gets torn  
And there's only one way to go

It's gone dead, dead  
It's gone dead on you  
Take off your ragged  
Turquoise and twilight coat

I got my head hung down for you  
Someday you're gonna need it  
But it's worn or the, cloth gets torn  
And then there's only on way to go

It's goin' dead, dead  
It's going dead, dead  
It's goin' dead on you
