Cool water divine
Now, I'm thirstier with nowhere to go
And what else do we find
But sorrow and misery untold

I know you got somebody new
Much better than me
When that change starts to swing
Keep in mind one thing
Don't forget me dear

And when you're lost, I feel it too
Woman make life sweet
Because of what you do
All my world is you

Now, I know it's not easy
Don't believe them when they say I'm not right
Don't put a hex on me baby
Because I don't know what's wrong or right

I know that there's somebody new
Much better than me
But because my love is true
All my best to you
Don't forget me dear

And when you're alone, please take care
Don't go walking after dark
Shine a light behind the stair
Remember what might be in there

Cool water divine
Now I'm thirstier with nowhere to go
It's sorrow that we find
I'm thirstier with nowhere to go

I know that there's somebody new
Much better than me
When that change starts to swing
Keep in mind one thing
Don't forget me dear

Because my love is true
Give my best to you
Don't forget me dear
