On the first time in love
Was electrocution
But I fell out on the down
Blind with injection

Strawberries, wake or naked
Out here you're alone
These streets get very cold, you should know
Yeah, and don't I know

Are we gonna be judged
Judged on these lonely deeds
Are we gonna cry, yeah
Are we gonna freeze?

Morning glory wine
Good people don't drink it
So I'm alone not thinking, please

How you thrill me love
How you kill me love
Like electrocution

Monday's all that's lost to love
Tuesday shakes and plead
Friday comes and calls your bluff
Sunday's on her knees
It's how you do me love

If you knew me love
There ain't no one to turn to
'Cause it's hard when you're on your own
You lost your way home

Morning glory wine
Good people don't drink it
So on my own not thinking, please

It's how you knew me love
It's how you do me love
Like electrocution
It's like electrocution, oh yeah

Morning glory wine
Good people don't drink it
When you're on you're own
You lost your way home

There ain't nobody, baby
Nobody to turn to
I need somebody
Somebody to turn to

To somebody, baby
Someone to turn to
Morning high

Morning glory wine
There ain't nobody, baby
I need someone to turn to
I need somebody

Wanna get high
I wanna get high
Need somebody to turn to
