What's wrong with the picture frame  
It doesn't bare resemblance  
Briliant is your big sharade  
But i can tell the difference now

Pick up the phone  
Answer in monotone

Melody you're not the same  
Melody a sad refrain  
Melody without any words ow

Nebulus the pills you take  
You own define deflections  
All excuses that you make  
The blood in my distinction

Your colours flown  
Yours words in monochrome

Melody you're not the same  
Melody a sad refrain  
Melody without any words ow

You're waiting for the moment  
There's nothing left to say  
Undecided you will stay  
The lonely little moments

La la la etc.

Melody you're not the same  
Melody a sad refrain  
Melody without any words ow

Speak so softly so they say  
Never jump from a moving train now melody  
You camoflage so you buy some time  
But little will you find the peace of mind  
Now melody

Melody (you're not the same) etc
