Summer Scent

I feel the summer begins,
In the midst of my birth day month.
With the perfect collaboration of raindrops and flower's
aroma.
I like to smell the flower's aroma.
Touring in a wide lush garden,
Rest under the shade of a tree,
Can refresh my memory.
Feel the moment at the good scenery.
Of the tropical districts of the country.
The prescence of summer is brought to me.
By the goddess of Spring, Ester.
As a special gift of happiness.
Summer is the best for me,
Cause it set me free.
