She said Baby get me out of here
And right then I knew just where
A little place not far away
A little less than half a day
Behind the wheel

So we left out in the pouring rain
And headed down that interstate
Tryin' to leave the clouds behind
Not knowing if we'd ever find
The sun that day

We found ourselves lost in conversation
About a hundred miles beyond our destination
And she just laughed

She Said it ain't about an exit past
A dot on the map no, that ain't where we're goin'
It ain't about the road we're on
How far we've gone as long as we keep rollin'
It's not about the path we take
Or the end of the line
It's not about us getting somewhere
As fast as we can drive
She said Baby
It's all about the ride

She said Baby let's just turn around
And find that exit we missed somehow
And I know we won't miss that sign
No, not a second time to that little town

Then we found ourselves still lost in conversation
As once again we passed out destination
And we just laughed

She Said it ain't about an exit past
A dot on the map no, that ain't where we're goin'
It ain't about the road we're on
How far we've gone as long as we keep rollin'

It's not about the path we take
Or the end of the line
It's not about us getting somewhere
As fast as we can drive
She said Baby
It's all about the ride

She said Baby get me out of here
