We're taking this way too fast
Why don't we slow down
We're taking this way too fast now

And if you have a moment why don't we slow down
And if you have the time why don't we stick 'round
Because I'm so in love with you

Breakthrough I don't know how
Don't ask me questions now
I just want answers
I think I'm gonna have a mental breakdown

It's right in front of me
I'm just too blind to see it
And you write to me
I'm just too dumb to read it

And I've been waiting for you (waiting for you)
Yeah I've been waiting for you (I've been taking this
way too fast)

Breakdown look at yourself
You're all you never wanted to be
You wanted to be with me
