We held hands by the dock  
I carved our names in the boardwalk  
And with it an arrow piercing through a heart  
I couldn't have known but that's exactly what I got

Tell me if I'm too  
Sad for your happy endings  
Stupid love songs or maybe I'm just a  
Mistake you can't remember  
or choose to forget

And I know you wish that we never started  
Believe me girl it's not that hard to turn around  
And we've both been down this road before  
Just not too far to avoid what's coming

It's funny how she told me the way she feels  
right when I finally got over her  
Here she is  
Pouring her heart out on my floor  
But what can I say (Don't Say Goodbye)  
Because once I give in  
she'll just run away

Well I'll Say Yes under once condition this has got to be  
unconditional  
And I'll give in if you promise to spare me when it's  
time for you to go

Don't say goodbye  
(Don't say you've gone too far this isn't half what you've  
been through)  
Don't say goodbye  
(Don't say you belong to me but please don't go)  
Or just don't go
