The tree of life  
The one you need  
The volunteer  
That grew now seems  
A beehive

Won't you be the one to tell me?  
All our lives are calling  
And where to begin

You light your lamp  
Your lamp goes out  
And kerosene  
Spills on the ground  
A beehive

There I ran across a field  
A thousand reasons start beginning  
In your song

Bring you lilac wine  
Bring you lilac wine  
Something I could do  
Something I could save for you

Beehive  
Beehive

What you see has been before  
What will come  
Your vandals dropped  
A beehive

Can you see? Another side  
To live right my love you reached  
Across the sky

Bring you lilac wine  
Bring you lilac wine  
Something I could do  
Something I could save for you

Beehive
